

This Week

The median list price in YORBA LINDA, CA 92887 this week is \$924,995.

Inventory has been lightening lately and the Market Action Index has been trending up. Though days-on-market is increasing, these are mildly positive indications for the market.

Supply and Demand

- The market has been cooling over time and prices plateaued for a while. Despite the consistent decrease in MAI, we're in the Seller's zone. Watch for changes in MAI. If the MAI resumes it's climb, prices will likely follow suit. If the MAI drops consistently or falls into the Buyer's zone, watch for downward pressure on prices.

The Market Action Index answers the question "How's the Market?" by measuring the current rate of sale versus the amount of the inventory. Index above 30 implies Seller's Market conditions. Below 30, conditions favor the buyer.
